How classification works

Fees are based on the net annual revenue of the economic unit represented by the membership. The reference year for 2027 membership fees is 2025. Where membership represents a group or a substantial affiliated company, consolidated revenue applies.

* Start-ups: no more than five years old, annual revenue below EUR 2 million and no more than six employees. Student rate under the model: enrolled at an educational institution or under 30 years of age. "–" = not offered in this category.
