IVAM ON TOUR 2015/16
JOIN THE IVAM EVENTS!

- 13.-17.04.15 **HANNOVER MESSE**
The world's largest industrial fair
IVAM will present the Product Market “Micro, Nano, Materials“
HANOVER, DE
- 07.05.2015 **COMPAMED SPRING CONVENTION**
Annual German conference on medical device developments
“Photonics applications for diagnostic and therapeutic methods“
- 19.-22.05.15 **HOSPITALAR 2015**
International fair of products, equipment, services and technology for hospitals, health clinics and laboratories
SAO PAULO, BR
- 09.-10.06.15 **SYSTEMS INTEGRATION 2015**
Annual conference on systems integration of micro components
Focus 2015: printed electronics and 3D printing
OULU, FI
- 22.-24.09.15 **MEDTEC CHINA**
Exhibition of design and manufacturing technology for medical device manufacturers
SHANGHAI, CN
- 16.-19.11.15 **COMPAMED 2015**
Product Market “High-tech for Medical Devices“ and COMPAMED HIGH-TECH FORUM
DUSSELDORF, DE
- 27.-29.01.16 **NANO TECH**
15th international nanotechnology exhibition and conference
TOKYO, JP
- 09.-11.02.16 **MD&M WEST**
Conference and exhibition
Medical Design & Manufacturing
ANAHEIM, CA, US

IVAM Product Market "Micro, Nano & Materials"

Dear visitor,

At HANNOVER MESSE 2015, IVAM Microtechnology Network brings together innovations in key technologies such as micro- and nanotechnology, photonics and advanced materials. The IVAM Product Market "Micro, Nano & Materials" will function as the central hub for end users of Micro- and Nanotechnology and put the latest trends in diverse high-tech fields on display.

As an international association of companies and institutes in microtechnology, nanotechnology, photonics and advanced materials, we have made it our goal to 'go the extra mile' to give our members the essential competitive edge. Our members have benefited from our commitment and competence since 1995. About 250 member companies from 20 countries are able to open up new markets and set new standards with the support of IVAM. Bringing together suppliers and users of high-tech and connecting innovative businesses and institutes from all over the world are IVAM's major activities. This is why exhibitors, members and partners alike build on our know-how and exhibit with us on the IVAM Product Markets.

This year's highlights at the Product Market "Micro, Nano & Materials" include nanotechnology applications as well as microcomponents, microstructures and precision parts, systems for precise process and production control and quality assurance, industrial surface and materials technology as well as future-proof solutions for industrial production processes, or international technology developments.

The joint pavilion offers close proximity to the related special areas "Nano-in-Germany" and "Surface Technology".

In addition to our trademark marketing services, the joint pavilion's center booth features a unique, tall design to ensure maximum visibility in Hall 3.

We are looking forward to meeting you at HANNOVER MESSE!

Your IVAM Team

Exhibitors of the Product Market "Micro, Nano & Materials"

Berlin Adlershof - WISTA-MANAGEMENT GMBH
Berlin, DE

E06.10

Contact:
