

Premium event advertisement on the IVAM website

This includes:

- Logo and subtitle of your event in the right-hand column of the IVAM event calendar (network and industry dates at www.ivam.de/events).
- A detailed page with links to your website.
- The opportunity to publish a short text (1500 characters, German and English) alongside an image.

■ 1 month	300.00 €
■ 3 months	750.00 € (including at least one newsletter publication)
■ 6 months	1,200.00 € (including at least two newsletter publications)
■ one month extension	250.00 €

The premium advertisement can be activated at the 1st or at the 15th of each month. The IVAM newsletter MikroMedia and NeMa-News appear in the months February, March, June, September, October and December 2017. **If a premium advertisement was booked for the corresponding month, the date will automatically appear in the newsletter with its logo and link.**

The IVAM website www.ivam.de currently lists more than 100,000 clicks per month.

IVAM Newsletter

MikroMedia

MikroMedia is an e-mail newsletter published by IVAM Microtechnology Network. MikroMedia includes interesting product releases or technology news from the fields of medical technologies, mechanical engineering or green MST and job offers from the members of IVAM as well as general news related to micro and nanotechnology.

The newsletter is published three times a year and has more than 5,000 subscribers all over the world.

NeMa-News

NeMa-News is the German newsletter of the New Materials Division. NeMa-News offers product information, news and job advertisements of the members and news from the field of nano-, surface- and materials technology.

The newsletter is published three times a year and has 5000 subscribers in German speaking countries.
